***Response to Amendment***

1. Responsive to amendment and comments, dated 10/10/2005, the Examiner has:
  - (i) withdrawn the objection raised in reference to IDSs in previous Office Action. All IDSs are considered and initialed accordingly,
  - (ii) entered amendments to Specification and claims , as requested,
  - (iii) cancelled claims 9-10, per request, claims 1-8 and 11-12 remain in the application.

***Reasons for Allowance***

2. Claims 1- 8 and 11-12 allowed over prior art of record.

The following is an examiner's statement of reasons for allowance:

The instant application relates to packet processing utilizing a logic mechanism for tracking read/writes to memory cells. The cited art, Sharma (US 5,559,970) is in the same field of endeavor. However, Sharma fails to disclose the unique method steps that include “ if a read request exists while write request is buffered then delaying the read request from a first controller until a write request from another controller completes, therefore resolving conflict for the memory cells when a first controller performs a read by negating an earlier read request to allow a later write request to complete”, (claims 1 and 7). It renders the application allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
